SUMMARY

I'm Kevin, a UI/UX Designer with years of expertise who focuses on producing top-notch user experiences. I have a tremendous interest for design, thus Figma is my go-to design stack for realizing my ideas.

I effectively iterate on designs, gather input, and provide aesthetically pleasing and user-centric solutions that put usability and accessibility first by utilizing Figma's collaborative platform.

My objective is to design appealing user interfaces that offer seamless and understandable user experiences in addition to being aesthetically pleasing.

EXPERIENCE

UI/UX Designer

PT Ukirama Solusi Indonesia ↗

01/2025 - Present

Key result:

- Implemented Item Batch & Serial Number feature, enhancing inventory management and traceability, and contributing to operational efficiency and accuracy.

Junior UI/UX Designer

PT Ukirama Solusi Indonesia ↗

02/2024 - 12/2024

Key result:

- Developed Cash Advance feature, enhancing financial accessibility and increasing customer satisfaction and engagement.
- Resolved design debt by fixing critical design issues, improving overall user experience and interface consistency.

UI/UX Designer

PT. BANK NEGARA INDONESIA (Persero) Tbk.

02/2023 - 08/2023

Key result:

- Enhance the BNIDirect mobile application flow, bringing a delightful user activation process that simplifies and streamlines the experience.
- Seamlessly integrate two separate applications into a single, cohesive mobile application, delivering an exceptional user experience that surpasses expectations.
- Pioneering a cutting-edge mobile application tailored specifically for the SMSEs market, empowering small and medium-sized enterprises with innovative tools and functionalities to thrive in the digital era.
- Revamped BNIDirect's Login Interface and Introduced Security Insights Page to Heighten User Security Awareness.

Head of Website Department

PT Inspirasi Mandiri Nusantara

01/2023 - 07/2023

Key result:

- In the UI/UX and WordPress departments, I oversaw a team of 8 experts and promoted a cooperative work environment.
- Redesigned Kampus Indonesia's website to create a fun online environment that increases user interaction.
- Received a good response after giving the website a modern makeover while keeping its brand identity.
- Achieved over 20,000 monthly visitors by working together with the content writer department to constantly produce engaging blog articles.

Lead of UI/UX Design Team
PT Inspirasi Mandiri Nusantara

11/2022 - 01/2023

Key result:

- Lead a team of 3 UI/UX designers in the ideation, wireframing, and prototyping of new company website features.
- Worked with a team of WordPress developers to ensure that the final product met all specifications and was user-friendly.
- Successfully managed all aspects of the website development process, from conception to launch.
- Successfully managed Batch 12 UI/UX Designer Internship Recruitment Interview.

Web Developer
Griya Hipnoterapi Malang

08/2019 - 01/2020

Key result:

- Create websites that are compelling and visually attractive while utilizing the extraordinary powers of the Elementor plugin and the strength of WordPress.
- Incorporated consumer needs and preferences into a streamlined and user-friendly website design, guaranteeing a top-notch browsing experience for visitors.
- Utilizing top providers like Hostinger and Dewa Web, hosting and domain services can be set up and optimized with ease, guaranteeing a quick and dependable response time for websites.

EDUCATION

Information Systems
BINUS University - Bachelor's degree
GPA : 3.84 of 4

09/2019 - 09/2023

UI/UX Designer
Binar Academy - Bootcamp

02/2022 - 08/2022

- Score : 4.55 of 5
- Award : Most Progressive Student

In Binar Academy, I've learned all the phases of making a UI and UX design application, starting with an interview, planning, analysis, design, prototyping, and testing. Also, I learn to make my own portfolio with some case studies in it.

Social Sciences
Saint Joseph College Senior High School - High School

07/2017 - 07/2019

- Participating on Olimpiade Sains Nasional - IT
- Top 50 Finalist Teams on National Programming and Logic Competition held by Universitas Ciputra Surabaya.
